## About ReVerse

ReVerse is a **poetry slam** hosted by The Magazine Board of the Army Institute of Technology, Pune. We make the beauty of Verse accessible to the crowds; we depict the dance of human life in all its triumphs and losses.

ReVerse was the passion project of a few who believed that poetry is life, and rightly so. First conducted in 2015, it is a poetry slam where people come together; create strokes of human feeling, and celebrate freedom.

Have you ever heard words that resonated in a way that made you remember them forever? Whether it describes your fluttering feelings of love or gives critical social commentary, slam poetry invites one and all to explore the kaleidoscope of humanity.

## Our Theme

You have dreamt, you have seen the world differently. Celebrate that perspective; embrace the beauty of it, the unique zest and flavour of it. Let your creativity soar high as you give voice to the truth of our lives.

The essential message of **Dead Poets Society** is one of life's greatest lessons. We see it being passed from one generation to the next. Seize the day! "Gather ye rosebuds while ye may". Because the unstoppable tide of time gives us only a fleeting opportunity to realise our dreams.

"No matter what anybody tells you, words and ideas can change the world"

DEAD  
POETS  
SOCIETY

Note : The Theme is a simple representation of what we are celebrating. Poems need not be based on the theme.

## Round 1 (1st April - 5th April)

The first round of ReVerse will be held offline, at 4 venues in Pune. The locations will be kept near hotspots of registrations, and will be announced on a later date. Participants unable to join us at the venue can also submit their entries online as videos.

## Round 2 (13th April)

The final showdown will be held at the Army Institute of Technology, Pune. Esteemed poets from all over the city will compete, being louder than a bomb. Things will be said, to change the world for good as all the poets gather together to be a part of something big.

## Participation perks

To write poetry is to find meaning, find reasons. And only to speak up is to take the smallest action. What lies on sheets of paper appeals, but only what is said out loud, can make a change. For the days we spend are only counted by what we leave behind, we must strive to etch our voice in the stone of passing time.

What better way there is to make a difference in people's lives and change the world for the better, piece by piece, than by contributing a verse at ReVerse 7.0?

Participants will be able to:

- \*Share their experiences to enlighten and inspire
- \*Speak out their opinions to an accepting audience
- \*Socialise with the poetry community of Pune
- \*Develop new perspectives; broaden their horizons
- \*Cash Prizes
- \*Also Goodies?!?
